

VII. Letter from the Superintending Engineer with report, plans and estimates for constructing a dam across the valley below Bankey's Reservoir and laying pipes for distributing water in the town.

**Resolution.**—The scheme now before the Board to supply the Town with perfectly pure water is a highly desirable one, and it has been fully investigated by the Government professional officers. Two alternative estimates are submitted, one for providing stoneware pipes, and the other cast-iron pipes. After discussing the subject fully and also after hearing the explanation kindly afforded by Mr. Scudwell at the meeting on the subject, the Board have come to the conclusion to adopt the estimate for laying iron pipes, which is estimated to cost Rs. 94,056. But the Commissioners consider that it would be beyond their means to undertake the work entailing such a heavy outlay. They therefore resolve that Government be respectfully requested to direct the work to be carried out by the Public Works Department from Provincial Funds and thereby confer a lasting boon on the inhabitants of this rapidly increasing town. If this proposal should not meet with the approval of Government, then the Commissioners would solicit the Government for a loan of Rs. 84,000 without interest to be repaid by annual instalments.

VIII. and additional

Proposition IV. } Letter No. 1742 dated 23rd November 1887 from the Senior Surgeon to remove sweepers' huts on the Subedar Chattram and to a separate site.

Read proceedings of a Sub-Committee selecting a free site for the sweepers' huts.

**Resolution.**—The Commissioners adopt the report of the Sub-Committee and resolve that early steps be taken to remove the huts in question from their present position to the locality selected by the Sub-Committee.

IX. Application from the sweepers and scavengers for increase of pay.

**Resolution.**—An increase of annas 4 to the present salary of sweepers and scavengers all round be sanctioned.

#### *Additional Propositions.*

I. Proceedings of the Dewan of Mysore, Darip No. 2059, dated Mysore, 24th December 1887, sanctioning the Resolution passed by the Board, regarding the levy of enhanced rates from the Settis and Yajmans.

**Resolution.**—The levy of enhanced rates be enforced as per directions contained in the above.

II. Letter No. 699—2072, dated 8th December 1887, from the Executive Engineer, Palnag Division, regarding the construction of a chattram near the City Railway Station.

**Resolution.**—As the Municipality has received no reply from Tiruvengadamal to references made from this office about the contribution towards the proposed chattram, the Executive Engineer, Palnag Division be intimated in reply to his letter that there is no prospect of a chattram being constructed by any private agency, and neither the Municipality is able to grant any contribution owing to the crippled state of its funds.

III. Proceedings of the Sub-Committee disposing of the application from Messrs. Appavoo Chetty and Sons for a piece of ground near Agrahar gate.

Read the Proceedings of the Sub-Committee and also the draft agreement to be taken from Appavoo Chetty and Sons.

**Resolution.**—The Commissioners approve of the proceedings of the Sub-Committee as regards leasing out the site described in the report to Messrs. Appavoo Chetty and Sons on the conditions laid down in the agreement.

A. SRINIVASACHARI, R. J.  
Vice-President.
